Project Sheet

Featuring: Come Away With Me

## • Come Away With Me Double Page Layout and Shadowbox

*Designed by Annette Green*

### Graphic 45® Supplies:

- 1 each 8x8 Matchbox Box (#4500543)
- 1 sheet of each paper from the *Come Away With Me* collection (#4500914 thru 921) 8 total sheets
- 1 pack Journaling Chipboard (#4500928)
- 1 sheet Come Away With Me Stickers (#4500927)
- 5 each Shabby Chic Metal Keys (#4500839)
- 1 each Shabby Chic Metal Door Pull (#4500842)
- 1 sheet Heritage Kraft Sig. Series cardstock
- 1 sheet Dark Cashmere Sig. Series cardstock
- \*Core'dinations #'s GX-3100-09 & GX-3100-10

### Additional Supplies & Tools:

½" Scor-Tape, tape runner and/or glue stick, strong liquid glue for metal, a piece of sturdy chipboard cut 8½" x 8½" for the hinged cover piece (not thin like a cereal box, but not super thick either), brown ink pad and blending sponge, scissors, edge-distressing tool, piercing tool, sanding block, 1½" yards of thin jute twine.

### Instructions:

1. Cut an 8 ½" x 8 ¼" piece of *Cosmopolitan* paper and ink edges with brown ink. Cut apart two postcards from *Globetrotter* paper and crumple them to create wrinkles and tears. Smooth out then distress the edges carefully with scissors or edge-distresser tool. Ink edges of postcards and over the wrinkles to create a worn, vintage look. From *Travel Odyssey*, cut out two small postage stamp images, ink edges and adhere to the main postcard in upper right corner. Now adhere both postcards to floral paper as shown.
2. Adhere the unit from Step 1 into the matchbox. (Note, this box fits a certain way into the box's sleeve, so make sure the flower print is upright when adhering.) Cut a 4" x 4" piece of Dark Cashmere cardstock, sand-distress the edges. Cut a 3 ¾" x 3 ¾" piece of Heritage Kraft cardstock, ink the edges and adhere to Dark Cashmere piece, then into the box near the center so visible when inside the sleeve.
3. Slide the box into the sleeve and ink all edges of the box.

# Come Away With Me Double Page Layout and Shadowbox

4. Cut two  $2\frac{1}{2}$ " x  $8\frac{1}{4}$ " pieces of Heritage Kraft cardstock and score at  $1\frac{1}{4}$ " all the way down the strips. Apply Scor-Tape to both strips (avoiding the scored line) as shown. Fold one to create a V and

the other an inverted V. These will be the hinges to the box's cover flap.

5. Cut a piece of plain kraft chipboard  $8\frac{1}{2}$ " x  $8\frac{1}{2}$ ".

Peel the Scor-Tape from the V-folded strip's left side only and adhere to the front of the chipboard panel.

6. Flip the chipboard to the front side (the hinge should now be on the left with the Scor-Taped side face down). Cut an  $8\frac{1}{2}$ " x  $8\frac{1}{2}$ " piece of *Pleasure Trip* paper and adhere to the chipboard cover. Cut four  $\frac{1}{2}$ " x  $8\frac{1}{2}$ " strips from the striped side of *Pleasure Trip* paper. Miter the corners of the four strips. To miter

the corners, overlap two pieces' ends at 90 degrees. While holding them tightly, make one clean snip with scissors through the overlapped papers at a diagonal.

You should get something like the previous photo. Ink all edges of all four strips and adhere to box cover as shown.

7. Cut four  $\frac{1}{4}$ " x  $7\frac{1}{2}$ " strips of Dark Cashmere cardstock

and carefully sand-distress them, miter corners, and adhere in place. Pierce two holes through the Shabby Chic Drawer Pull and the box's cover and then insert brads to secure. (Note: for a sturdy fit, you can add a bit of strong glue first.)

8. Flip the cover face down. From the second kraft strip (inverted V) peel up the Scor-Tape from the right side only and adhere to the chipboard inside cover as shown.

9. Cut an  $8\frac{1}{2}$ " x  $8\frac{1}{2}$ " piece of *Vintage Voyage* paper. Edge-distress and ink-distress the edges (map side) and adhere to inside cover.

10. Cut apart the strips from *Look Out World* paper (pink with words, approx.  $\frac{1}{2}$ " x  $7\frac{3}{4}$ " and travel images, approx.  $2\frac{3}{16}$ " x  $7\frac{3}{4}$ ") and a  $3\frac{1}{2}$ " x

## Come Away With Me Double Page Layout and Shadowbox

7 3/4" piece of *Cosmopolitan*. Ink all edges. Adhere travel images strip first, working up from the bottom, starting 1/2 inch from bottom and sides. Follow with other strips (see image below).

11. Cut train border sticker to 8 1/2 inches. Lightly sand the edges of the border sticker and the Discover tab sticker then ink edges. (Note: sanding away the glossy coating of stickers allows ink to stay better). Adhere train border sticker across papers.

13. Cut a 6" x 4" piece of Dark Cashmere cardstock. Cut a 5 3/4" x 3 3/4" piece of Heritage Kraft cardstock then edge distress and ink-distress edges. Adhere both to page as shown. Adhere Discover tab sticker to top. And place the prepared stickers onto the page as detailed in the following image.

12. Sand the edges of the selected stickers, then ink edges. Add a 12-inch piece of jute twine to luggage tag sticker, layer three ticket stickers as shown, then add foam tape to the back of luggage tag and "Look Out World" stickers.

14. Fussy cut *Come Away With Me* oval and tickets/postage, ink edges, then add foam tape to the back (detail in next image).

15. Ink edges of *Come Away With Me* chipboard pieces, add keys, twine, and postage stamp sticker as shown. Add foam tape to the back of largest piece and blue button unit.

16. Adhere the fussy cut *Come Away With Me* oval to upper left area of cover (see next photo for detail). Then adhere chipboard pieces to the lower right hand corner. Two

keys are tied together with twine for the upper right corner. Adhere with strong glue and let dry.

# Come Away With Me Double Page Layout and Shadowbox

17. Make sure the sleeve is on the box then peel Scor-Tape from cover's top flap and adhere to the left side of \*THE BOX\*

18. Open the cover then peel Scor-Tape from inner cover's flap and press onto box's front left edge as shown. (Tip: let the cover fold inward as you adhere the hinge flap

rather than keeping it flat. This will help it open and close easily.)

19. Ink edges of *Come Away With Me* chipboard pieces and ticket sticker (shown next image). Add twine, key and brad to pieces. (Note: Pop out the inner circle from the largest chipboard piece to ink the edges, then pop back into place and secure with clear tape on the back side.) Add foam tape to back of blue button chipboard.

20. Sand-distress DREAM stickers and two corner stickers, then ink edges. Ink edges of 6 small chipboard circles. Cut five  $1\frac{1}{2}$ " x 1" pieces (blue side) of *Look Out World* papers. Adhere the DREAM stickers then snip a "v" off the bottoms to create pennants. Ink edges.

21. Cut two vertical strips of Wanderlust paper at  $8\frac{1}{8}$ " x  $1\frac{3}{8}$ " and two horizontal strips at  $1\frac{3}{8}$ " x  $8\frac{1}{4}$ ". Lay out the four strips of Wanderlust paper in front of you so that the printed pattern reads upright on each piece. Miter the corners (as you did in step 6). Ink edges of strips. Adhere to box. Cut two vertical strips of Dark Cashmere cardstock at  $5\frac{7}{8}$ " x  $\frac{1}{4}$ " and two horizontal strips at  $\frac{1}{4}$ " x 6". Carefully sand-distress the strips, lay them in place to check their lengths fit the box opening. (Two verticals are slightly shorter than the two horizontals.) Miter corners and adhere to box. Add corner stickers to upper right and lower left.

## • Come Away With Me Double Page Layout and Shadowbox

22. Adhere DREAM pennants across upper left area of the opening, then adhere 6 chipboard circles as shown. Adhere ticket unit just below pennants.

23. In lower right corner adhere largest chipboard piece with strong glue to inside edge of box, then add chipboard elements on front of box as shown.

24. Cut two 1 3/4" x 8 1/4" strips from *Travel Odyssey* paper (for bottom & top of box) and two more strips at 1 3/4" x 8 1/8" (for sides). Ink edges. Adhere to box exterior as shown.

Congratulations and enjoy!
